About Me

About Me

I'm a full-stack web developer with a passion for creative design and problem solving. I have 3+ years of professional work experience in all phases of the development process. I believe coding is an artform and I work hard everyday at perfecting my craft.

Strategy

I collaborate with clients to transform raw ideas into well thought out designs.

Responsive

Experienced in creating responsive layouts that look great on all devices.

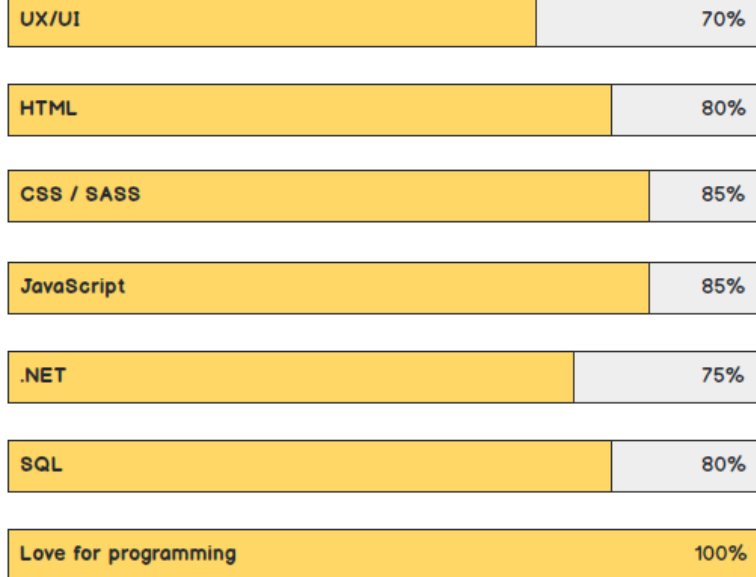

UX/UI

I create websites with intuitive UI patterns and simple interactions.

Code

I focus on writing intuitive code that is fast, easy to read and maintain.

My Projects

Here are some of my favorite projects that I have done in the past. If you'd like to see more you can checkout my [github](#) or send me an [email](#) with your questions.
